High Water in White River Made Trouble on Wednesday.

The water in White river was higher here than for many years on Wednesday. Just north of the covered bridge the water in the branch overflowed the whole meadow, formerly known as the fair ground, and the meadow on the opposite side of the branch. Several thousand feet of lumber were carried away by the water, being owned by A. N. Washburn Co., and at one time serious trouble was anticipated at the electric light station.

Every effort was made to avoid the destruction of the plant. At Lake Ansel men were actively engaged in preventing any danger all day Wednesday, the water there being much higher than for several years. The White River Valley railroad suffered somewhat from washouts.

The terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current—Nature's warnings are kind. That dull pain or ache in the back warns you the kidneys need attention. If you would escape fatal maladies—dropsy, diabetes or Bright's disease, take Electric Bitters at once and see backache fly and all your best feelings return.

"After long suffering from weak kidneys and lame back, one \$1.00 bottle of Electric Bitters cured me," writes J. R. Blankenship of Bolt, Tenn. Only 50c at Red Cross Pharmacy.

WILLIAMSTOWN

School Union With Barre Town Has Been Dissolved.

We have learned that at the annual meeting of the Barre and Williamstown school directors, held at South Barre on the 6th inst., it was decided to dissolve the "union," to take effect at the close of the present year, July 1. Barre has schools enough of its own to occupy the whole time of the supervisor, and we understand that Supt. Childs will continue the excellent work he has been doing for the school of both towns during the past two years, and will, after July 1, devote his entire time and attention to the supervision of the schools of Barre Town exclusively, while Williamstown will either go back to the old-time "town" supervision, or else effect a union with some other adjoining town or towns in Orange county. Comments on the wisdom of the action of our school directors in withdrawing from the union may appear at a later date.

Dr. W. H. Hurley is driving a new horse these days.

Pliny Wilfore is taking mail carrier Brockway's place for a few days.

It is not always the "types" that make us say ridiculous things, but sometimes it is.

Miss Ethel Hyde begins her school in the G. C. Williams district, No. 10, next Monday the 19th.

Rain, sleet, mud and late mail train have all been in evidence lately; improvement today.

We understand that Harry Lassell is to succeed Erskine Rowell as clerk in the F. A. Downs store.

Mrs. George Foote is prepared to do family or individual washings, and a postal to her will receive prompt attention.

Regular meeting of I. O. O. F. this (Friday) evening for practice of the second degree. All members are requested to be present.

Barber Greason has joined this sick list and Mr. Brockway handles the tonsorial utensils in his stand and also enjoys a little "vacation" during mid-time.

Postmaster Wilbur is able to attend to his official duties again and is back at his post as usual, both having been "sidetracked" for a few days by illness.

The girls who sang so very acceptably at the union evening services last Sunday, will again sing at the Congregational church services next Sunday evening. The sermon, the singing—all will do you good.

The Easter exercises at the church were finely carried out in all the parts. A large and appreciative audience filled the church. Much credit is due the committee who had the arrangement in charge.

ASK YOUR NEIGHBORS

And you will generally find that they know of more good, intelligent people, those of good sense and discernment in your vicinity who have been cured by Dr. Pierce's World-famed Family Medicines than by all other proprietary medicines. They have been making these cures right along for over forty years and altogether likely you will easily find people all about you who will be only too glad to say a good word for them. These old reliable curatives are not exploited or urged upon the afflicted by extravagant and false promises but have a record of real, genuine cures to sustain them.

Among women Dr. Pierce's Favorite Prescription is truly a favorite by reason of its remarkable cures which, for over forty years by far exceed those which can be credited to any medicine extant. By a little inquiry you will no doubt find some of these cured and grateful cases in your immediate neighborhood, for they are to be met with practically EVERYWHERE. They are Dr. Pierce's best advertisements. Seek their advice if you are a poor despondent over-burdened broken down, weak, or pain-wracked woman, suffering from some derangement or weakness incident to your sex.

The People's Common Sense Medical Adviser in plain English, by R. V. Pierce, M. D., (new fully revised up-to-date edition) gives all particulars which women need to know about their peculiar functions and how to correct ordinary derangements and weaknesses. Cloth-bound volume of 1000 pages, 31 one-cent stamps, or in paper covers for 21 cents, post-paid. Why not send for it NOW? The New Edition is almost a household necessity.

Address: World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.
